CAUSE

Robin Green was unsuccessfully discharged from outpatient substance abuse treatment on August 18, 2009. This was following his placement on a last-chance contract that was the result of repeated failures to attend classes. Additionally, Mr. Green failed to report for random urinalysis testing on August 19, and 29, 2009. On September 8, 2009, the undersigned officer met with Mr. Green and discussed his on-going failure to comply with substance abuse treatment and testing. At that time, the defendant admitted that he had recently consumed alcohol and cocaine, and provided a urine specimen that initially tested positive for cocaine. A plan was established in an attempt to assist Mr. Green once again with his struggle to maintain sobriety. Specifically, the undersigned officer arranged to have Mr. Green enter into a 21-inpatient substance abuse treatment program. This program is scheduled to commence on September 18, 2009. Following his completion of the inpatient program, his placement at a Residential Reentry Center (RRC) as indicated in the above modification of conditions, will provide a clean and sober environment to further assist Mr. Green's recovery. He has agreed to this modification and a signed waiver of hearing to modify conditions of supervised release is attached.
